

COSMETOLOGY AS A CAREER CHOICE

**According to US News and World Report,
Hairstyling is one of the top 30 career choices**

Many of our graduates at the SALINAS BEAUTY COLLEGE were working in jobs they hated prior to coming to school and now they are working in a profession they love. The *cosmetologist* may work in a salon as a: Hair Stylist, Manicurist, Cosmetician (Esthetician), Perm/Straighten Technician, Hair Color Technician, Make-Up Artist, Shop Manager, Salon Owner or Concessionaire, or Salon Supervisor. This 1600 hour cosmetology course will train you for a highly lucrative career in the beauty industry. It provides flexibility for mothers with growing families; and many of our high school students, when completing our course, have literally worked their way through college.

Our objective at the Salinas Beauty College is to prepare our graduates with the skills needed to secure and maintain employment in the beauty industry and to pass the State Exam for necessary licensure. We are a **CHI Environmental School**.

We welcome those without a high school diploma and/or “Dream Act” Students.

Our Instructors speak English and Spanish
